## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. The request for a continued prosecution application (CPA) under 37 CFR 1.53(d) filed on [1] is acknowledged. 37 CFR 1.53(d)(1) was amended to provide that the CPA is for a design patent and the prior application of the CPA must be a design application that is complete as defined by 37 CFR 1.51(b). See

*Elimination of Continued Prosecution Application Practice as to Utility and Plant Patent Applications*, final rule, 68 FR 32376 (May 30, 2003)

Since a CPA of this application is not permitted under 37 CFR 1.53(d)(1), the improper request for a CPA is being treated as a request for continued examination of this application under 37 CFR 1.114. See *id.* at 14866, 1233 *Off. Gaz. Pat. Office* at 48.

### ***Priority***

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Drawings***

3. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the limitation of the UV light reflective layer covering only a portion of the protective layer must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Art Unit: 2879

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

***Specification***

4. The disclosure is objected to because of the following informalities: There are no subtitles in the specification. Please see 37 CFR 1.77 (b).

Appropriate correction is required.

***Allowable Subject Matter***

5. Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest a plasma display device comprised of, in part, a UV light reflective layer covering only a portion of the protective layer, along with the other limitations of the claim.

Due to their dependency, claims 2-6 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
